Head of Public Relations - Freshman Welcome Activity 05/2024 – 07/2024
- Coordinated with audio equipment vendors, and sponsors to support event execution.
- Managed stakeholder communication and on-site coordination.

SKILLS

Data & Database
SQL, Relational Database Design, Data Warehousing, Data Mining, Business Intelligence

AI / Data
Data Analysis, Text Mining, Prompt Engineering

Tools
VScode, MySQL, Jupyter Notebook, Excel, Git / GitHub, Figma, PowerBI, Tableau

Programming
- Object-Oriented Programming (C, JAVA)
- Web Development (HTML, CSS, JavaScript)
- Mobile Application Development (Dart, Flutter)
- Python (Pandas / NumPy / Scikit-learn)

Soft Skills
Analytical Thinking, Problem Solving, Team Collaboration, Technical Communication, Attention to Detail

PROJECTS

Bank Transaction Data Warehouse System
- Designed a relational database and data warehouse architecture for a banking transaction system.
- Developed data models using a star schema to support efficient analysis of financial transaction data.

LINE OA – BigQuery Integration
Developed a prototype for integrating LINE Official Account data with Google BigQuery for centralized data collection and analysis.

Personal Expense Tracker Mobile Application
- Developed a mobile application for tracking income and expenses using SQLite for local data storage.
- Designed the user interface and implemented transaction management functionality.
